ABOUT US

The SMK Helmets story spans over 50 years, from humble beginnings in a small garage in India to the forefront of helmet manufacturing. As a global leader in the industry, we remain committed to producing the safest, most comfortable and stylish helmets.

Our high-quality motorcycle helmets & accessories are meticulously designed, manufactured and tested in-house. Our company has four state of the art manufacturing facilities that handle all necessary production processes from in-house injection moulding of plastics, automatic painting lines, multi density EPS production, automatic printing lines, CNC & Laser cutting, and stitching lines. Beyond this the company houses an ultra-modern design, development and tooling centre. We also boast an in-house VCA approved testing laboratory that conducts thorough reviews of our helmets in accordance with international safety homologations. SMK Helmets has complete control over the end-to-end production cycle so our riders can be assured the SMK Helmet that they are buying is of consistent high quality.

We are proud to be pioneers in creating exceptional motorcycle helmets. Our factories are located just outside New Delhi, India. Our team consists of 3000 skilled and passionate employees including our designers who are strategically located across the globe, so they understand the requirements of different local markets and unique riding conditions.

SMK Helmets are proudly sold across the world and we have established a solid reputation for consistently providing premium quality helmets with exceptional fit and great style.

PCFT Premiun Fiber

PFT Premium Fiber Technology

EIRT Energy Impact Resistant Thermoplastic

1 Shell - 2 Shells - 3 Shells

Multi Density EPS:

Provides maximum all-round head protection during any unfortunate impact

Top Air Vents:

Provides rider with fresh air while riding, aiding rider comfort

Chin Air Vents:

Air intakes on the chinguard of the helmet for increased air flow on the rider's face while riding, aiding to rider's comfort

Hot Air Exhaust:

Helps in directing hot air within the helmet outwards for rider comfort during extended usage

Channeled Exhausts:

Movement of air through the liners provides maximum comfort to the rider during extended usage

Scratch Resistant Visor:

Protective layer coated for preventing scratches on visor during regular use, maintaining visibility and safety

Quick Release Visor:

Convenient to the rider for easier changing visors when required

Pinlock Antifog:

Patented Pinlock technology for prevention of shield fogging during riding in cold and humid weather

Dual Visor System:

Retractable visor, reduces the sun's glare without replacing vi sors providing safety and comfort while riding

Breath Deflector:

Deflects moist air, due to breath, away from visor, maintaining rider visibility

Wind Protector:

Protects the rider from cold air while riding, helping the rider's comfort and reducing noise

Quick Release Strap:

For maximum ease of releasing the strap under the chin

Padded Comfort Chinstrap

Prevents breakage of strap, providing maximum protection during any unfortunate impact

Removable Washable Liner:

Ability to remove and clean the liners for maintaining freshness over time

Neck Roll:

Additional comfort padding for neck which is removable and washable

Moisture Management Antistatic Fabric:

Absorbs and evaporates sweat faster from riders face, increasing comfort during extended usage

Breathable Liner:

Breathability causes more air flow inside the helmet liner and as a result faster evaporation of sweat in the helmet liner

ECE 22.06 Certified

DOT

P/J Certified:

Dual certification of the helmet providing maximum safety while using with the helmet as an open face or full face helmet

Emergency removable cheek pads:

In the event of any unfortunate incident, cheekpads can be removed quickly for easy and safe removal of helmet, protecting rider from further injury

Hypoallergenic Liner:

Protects rider from allergies or infections arising from continuous contact with damp helmet liners due to extended riding or on hot/rainy days
